

LATEFA MOHAMED

SOFTWARE TESTING

Toukh, Qalyubia, Egypt || latefamohamed011@gmail.com || [Linkedin](#) || 01023631482

SUMMARY

Software Testing professional with a Bachelor's degree in Computer Science and AI from Benha University, and a Diploma in Software Testing. Skilled in manual and automation testing, bug tracking, test case design, and SDLC/STLC. Proficient with tools like Selenium, MySQL, and Agile methodologies. Eager to contribute to quality-driven teams and enhance software reliability

EDUCATION

Bachelor of Science in Computer Science and Artificial Intelligence , Benha University 2020–2024

Major: Computer Science **GPA:** 3.3

Graduation Project : Treatment of children with cerebral palsy using VR **Grade: A+**

- Awarded 3rd place in the Startup Hackathon at Creativa Menoufia.

TECHNICAL SKILLS

Manual Testing : Functional, Regression, Exploratory, System Testing

Test Design: Test Cases, Test Scenarios

API Testing: Postman

Automation Tools: Selenium WebDriver

Bug Tracking Tools: Excel ,Trello, JIRA, Test Rail

Languages: Java, Python,C++

Databases: MySQL

Web Automation Testing: Selenium WebDriver

Other Skills: Agile Methodology, SDLC, STLC

PROJECTS

Bug Hunting on Academy Bugs Website **Self-Initiated Project – 2025**

- Performed manual exploratory testing on [academybugs.com](#) to evaluate website functionality, usability, and responsiveness .

Manual Tester – Guru99 (Live Banking Project) **Remote - 2025**

- Testing of Banking Applications
- Conducted manual testing of web and mobile banking applications to ensure system functionality, security, performance, and user-friendliness.
- Validated banking features such as account creation, login/logout, balance inquiry, money transfers, bill payments, and transaction history.
- Reported and tracked bugs using Excel Tool collaborating with developers for issue resolution.

E-Commerce Web Testing – SauceDemo Website **Self-Initiated Project – 2025**

- Conducted manual testing on SauceDemo.com covering login, product filtering, cart/checkout flow, payment simulation, and UI elements.

CERTIFICATIONS

- **Software Testing Diploma – Instant**
